FOR IMMEDIATE RELEASE
SEPTEMBER 16, 2010

BUZZ ON OVER TO THE NEW EXHIBIT AT THE FLINT CHILDREN'S MUSEUM

FLINT, MI— A new exhibit is about to hatch at the Flint Children's Museum! The brand new Discovery Zone Exhibit is all about those lovable little pests...BUGS! In this exhibit the bugs aren't so little.

Caterpillar Corner opens Tuesday, September 21 and will run through November 27, 2010. Head to the Flint Children's Museum to lounge with the 14 foot caterpillar and giant lady bug. Pretend to live the life of a worm as you tunnel through the worm home and learn how worms help plants and trees grow. Try on the Bug Eye Viewers to see like a bug!

This exhibit offers educational information about biology, worms, symmetry, life cycles and more.

There will be special *Caterpillar Corner* activities throughout the run of the exhibit, including Caterpillar Crafts and Bug Hunts. Check the museum's website calendar at www.flintchildrensmuseum.org for specific dates and times.

The Flint Children's Museum is open Tuesday through Friday from 9 a.m. to 5 p.m. and Saturday from 10 a.m. to 5 p.m. Located on the campus of Kettering University at 1602 W. University Ave. Admission is \$4/person for ages 1 and up. For more information call 810-767-5437.
