NEW DISCOVERY ZONE EXHIBIT IS BLOOMING AT THE FLINT CHILDREN'S MUSEUM

FLINT, MI— It's springtime and everything is in bloom, including the newest Discovery Zone exhibit at the Flint Children's Museum! **Grow Lab** will be featured from April 2 through May 29, 2010.

Hands-on activities will help children understand life cycles, pollination, gardening and more! Children can practice their gardening skills by planting pretend geraniums and learning the names of gardening tools. Observe plants and vegetables that are in the process of growing. Check out the butterfly house with live butterflies and learn about the four stages of the butterfly life cycle. Look at different types of seeds and learn how a seed grows into a plant.

Check our website calendar for special *Grow Lab* activities and programs. This exhibit is sponsored by *Olive Garden*.

The museum is located on the campus of Kettering University at 1602 W. University Ave. in Flint. Hours are Tuesday-Friday 9 a.m. to 5 p.m. and Saturday 10 a.m. to 5 p.m. Admission is \$4/person for ages 1 and up. For more information, call 810-767-5437 or visit www.flintchildrensmuseum.org.
